Besides, **DSS Schools may be fee charging** and that they do not participate in the Junior Secondary Education Assessment (JSEA) System. **Students having completed Secondary 3 at DSS schools will not be allocated any subsidized Secondary 4 places through the JSEA System.** Parents who are interested in sending their children to the above non-participating DSS school may approach the school direct for details about its application procedures, curriculum, extra-curricular activities, academic attainment, school fees, etc.

**Implication of Accepting a Secondary 1 Place in a Non-participating DSS School**

Under the existing SSPA System, each Primary 6 students is allowed to apply to only **one** secondary school listed in the “Handbook for Application for Secondary 1 Discretionary Places” for a Secondary 1 discretionary place, be it a government, aided,
caput or DSS one. However, a student may apply to any non-participating DSS schools, and there is no limit to the number of such schools he/she may apply.

Please be informed that once a student is accepted by a non-participating DSS school, his/her parent will be required to sign an **undertaking** with the school concerned to the effect that he/she agrees to **give up any other Secondary 1 place subsidized by the government.** The parent will also be required to surrender the “Primary 6 Identification Form” of the child to the school. On receiving the “List of Successful Applicants for S1 Places in Non-participating Direct Subsidy Scheme Schools” from the non-participating DSS school in early-May 2004, the School Places Allocation Section of the Education Department will not allocate a Secondary 1 place to the students on the list.

**Please be advised that on accepting a Secondary 1 place in a non-participating DSS school, the students concerned will forfeit the right to be allocated Secondary 1 places (including Secondary 1 discretionary places) through the SSPA System.**

Thank you for your attention.
