To: Parents / Guardians,

School Self Evaluation

Please be informed that the Education and Manpower Bureau is launching a School Self Evaluation Programme to enhance the quality of education. Under the programme, the school will make use of the data collected from the stakeholder survey questionnaires to substantiate judgement on our performance, gauge our own progress and determine follow-up action.

As you are one of the stakeholders in our school, you are invited to forward your opinion. Please kindly finish the questionnaire attached and hand in to the class teacher through your child. Your valuable opinion will contribute to the future development of the school.

Thank you for your cooperation.
