

2C Harnoor

My Housework Robot

This is my housework robot.

His name is Johnseena. He has a rectangle head. His eyes are red and triangular. He looks scary but he can use his eyes to light up the room. His arms are short. He has a broom stick in his hand. He tidies my toys. He mops the floor. He also vacuums the ceiling. He is helpful and hard-working.

I love Johnseena.
